Tool Free Category 5e RJ-45 Keystone Jacks

Product Type:
Tool Free Keystone Jack

Application:
The Tool Free Cat5e modular RJ-45 Keystone Jacks exceed the transmission line performance requirements of IEC and TIA for CLASS D/Category 5e systems. Designed for mechanical and electrical reliability using quality materials to deliver a jack solution that minimises the time required by the installer to complete each termination, which is achieved by a single 'clam action' finger pressure, with n o punchdown or other special tooling.

Standards:
- ISO/IEC 11801 2nd Edition
- IEC 60603-7-Pt 2

Features:
- Electrically compliant beyond 100MHz
- Screened and Unscreened versions
- Repeatable tool-free terminations
- Supports TIA 568A & B Wiring configuration
- Colour coded stuffer-cap for easy cable lacing
- Keyed stuffer cap for reliable termination
- Low insertion force 'clam action' assists tool-free termination
- Integral Cable Strain Relief
- Fits UK Faceplates and Floor Boxes
- Suitable for Modular patch panel installation
- Durability:
  - Jack contacts: 750 plug insertion cycles minimum
  - Wiring Block: 25 termination cycles minimum
