

## Tool Free Category 6 RJ-45 Keystone Jacks

### Product Type:

Tool Free Keystone Jack

### Application:

The Tool Free Cat6 modular RJ-45 Keystone Jacks exceed the transmission line performance requirements of IEC and TIA for CLASS E/Category 6 systems. Designed for mechanical and electrical reliability using quality materials to deliver a jack solution that minimises the time required by the installer to complete each termination, which is achieved by a single 'clam action' finger pressure, with no punchdown or other special tooling.

### Standards:

- ISO/IEC 11801 2<sup>nd</sup> Edition
- IEC 60603-7-Pt 4

### Features:

- Electrically compliant through 250MHz
- Screened and Unscreened versions
- Repeatable tool-free terminations
- Supports TIA 568A & B Wiring configuration
- 360° screen termination (screened product only)
- Colour coded stuffer-cap for easy cable lacing
- Keyed stuffer cap for reliable termination
- Low insertion force 'clam action' assists tool-free termination
- Integral Cable Strain Relief
- Fits UK Faceplates and Floor Boxes
- Suitable for Modular patch panel installation
- Durability:
  - Jack contacts: 750 plug insertion cycles minimum
  - Wiring Block: 25 termination cycles minimum
